Report of the Overseer of the Poor.

Report of Overseer of Poor for the year ending Feb. 15, 1902.

The Overseer of the Poor herewith presents the following report, showing the inventory and number of inmates at the Town Asylum, also the receipts and expenditures of the same and of the outside department.

The inmates of the Asylum Feb. 15, 1901, consisted of seven persons.

There are at present, Feb. 15, 1902, nine inmates.

Most of the inmates have been under medical treatment all winter. The expense of the outside department have been much less than for many years, owing in part to the industrial prosperity of the town during the past year.

It has been the policy of your overseer to send persons asking for aid and having no settlement in the town, whenever possible, to their home settlement.

As regards the expenses at the farm, that the citizens may have information, I desire to call attention to these facts.

There has been an increase in the number of inmates and consequently, an increase in the cost of maintenance. Owing to the very unfavorable conditions for working a farm as wet as this one, that existed last Spring and even into the Summer, the keeper worked under great disadvantages, and it was impossible to make the farm yield as much as it ought.

There have been several bills presented which properly should have been presented and paid in past yars, one running back six years. But owing to negligence on the part of these creditors, they were not sent in until this year. They amount to about $55.00.

Your overseer found it necessary to repair one of the buildings at the farm which was in very bad condition, and this caused an expenditure of $235.00.

Notwithstanding these adverse conditions and unusual expenditures, the total expenses of the poor department have been $956.06.

In addition, there are a few bills not yet rendered amounting to about $10.00.

I would respectfully submit the following recommendations as regards the dwelling house at the Town asylum consisting of a two story structure and extension.

The two story part built about sixty years ago is in fair condition. But the extension is about two hundred years old, and was once the home of Richard Barton, brother of Gen. William Barton. This old Revolutionary relic of the past is in a dilapidated state and requires

immediate attention. It is past repairing. It should be torn down and a new building put in its place with all modern conveniences, such as steam heat, laundry, and rooms for separation of the sexes, etc.

Under the present conditions the inmates, old and decrepit, have to retire to cold sleeping apartments. They are during the day all huddled together in one room, which also answers for sitting room, laundry, sick room, and for all purposes but the right one. Under the efficient management of the matron the poor have all the comforts that it is possible to give them, under present conditions. But the conditions are not right.

Therefore I would ask of the town an appropriation sufficient to put up a new building, which will be modern and up to date. I herewith submit an inventory of property, at the Asylum, and an itemized account of expenditures and receipts.

Report of the Overseer of the Poor.

Report of the Overseer of Poor for year ending Feb. 15, 1903:

The Overseer of the Poor herewith presents the following report, showing the inventory and number of inmates at the asylum, also the receipts and expenditures of the same and of the outside department.

Feb. 15, 1902, the number of inmates was nine, and Feb. 15, 1903, the same number are at the asylum.

Betsey Luther died June 21, 1902. Mary Gardner was admitted to the asylum on Sept. 9, 1902.

All of the inmates have been under medical treatment at some time during the year, and it has been a trying year for the matron, Mrs. Maguire, both day and night attending them.

Owing to the enfeebled condition of the inmates, none of whom are able to do any work except light chores, your overseer was obliged to hire help to assist Mr. Maguire, and the farm has had a general cleaning up, which was very much needed.

Owing to the increased cost of grain, fuel and provisions, the expenses of the department have been greater than usual.

The old part of the asylum is in a very bad condition and the committee appointed at the last town meeting will probably report at the next annual town meeting.

As will be seen by the report, the amount of $1,000 appropriated for the Poor Department was not sufficient to meet the bills, and the overseer would recommend an appropriation of $1,500 for the ensuing year. I would also recommend an appropriation of $210, for repairs on buildings and the purchase of a new wagon, the old one being worn out.

Report of the Overseer of the Poor.

Report of the Overseer of the Poor for the year ending February 15, 1904:

The Overseer submits the following report, which includes an inventory of the property of the Town on the Asylum Farm and a statement of the receipts and expenditures for the Asylum and for outside assistance:

February 15, 1903, there were nine inmates of the Asylum, and February 15, 1904, there were six inmates, three having died during the year.

George Arnold died March 21, 1903.

Mary Luther died March 22, 1903.

Patrick Murtha died January 9, 1904.

The illness of all the inmates at some time during the year, and the illness and death of the three inmates above reported, necessitated a considerable expense. Mrs. Maguire, the matron, attended to the needs of those under her care, aided only by such assistance as could be given by the inmates themselves, which was inconsiderable.

Outside help, which was necessary, was employed by Mr. Maguire to about the same extent as last year.

The increased cost of provisions and grain also caused some additional expenditure.

A shed on the premises needs shingling on the roof, and the jet of the barn also needs immediate repair to prevent damage from the water.

Extraordinary expenditure was caused by the explosion at the premises of Mr. Houle, and unusual demands for assistance were made by many outside of the Asylum, numbers of which were entitled to the relief sought.

The unusual demands have caused the appropriation to be exhausted and there is a deficiency of $352.

There was a deficiency last year of $280.49, so that of the appropriation of $1,500 but $1,219.51 was available for the payment of bills contracted during the past year.

I would recommend an appropriation of at least $1,600 for the ordinary expenses of the department, and a special appropriation of not less than $300 for repairs of the buildings referred to, and for other repairs.

The keeper and matron, Mr. and Mrs. Maguire, have efficiently and economically managed the Asylum, as for many years past.
